Learning Support Register Consent Form

Our Early Learning service is part of a group of educational providers that shares information to:

- Identify children and young people who might need additional learning support
- Ensure that the adults who work with children (such as teachers or teacher aides) have the skills and resources they need to support them.
- Decide what additional learning support would help children and young people, whether individually or in groups.

The Ministry of Education may use information on the register for the purpose of administration and analyses, for example to find out about the overall numbers of children requiring specific types of support. This will allow the Ministry to plan ahead for numbers of staff and specialists, and other services and types of support.

What Information we will share

The members of our group of education providers and the Ministry of Education share information for a collective learning support register that contains:

- Name, gender, and ethnicity to identify support that reflects the child's identity, language and culture
- Date of birth and year level, to identify support that is appropriate to their age
- The type of support needed
- Any health issue, disability or learning difficulty that means a child needs particular types of support.
- Services and support they are already receiving
- Any other information you think may be needed in the register

If you agree, we will put information about your child's additional support needs on the Preschool Learning Support Register.

Who will see the information?

Only a small group of people will have access to the register for the purposes explained in the first paragraph. It will include a preschool staff member responsible for learning support, a speech language therapist, a public health nurse and an early intervention teacher. These people will meet regularly to discuss the register and how best to respond to the needs of children and young people on the register. We will seek your agreement if other organisations need to be involved.

I agree to personal information about _____ (*child's name*) being included in the register and the information being shared with the group of people listed for the purposes explained above.

Signed _____ Date: _____
